acarbose-induced acute generalized exanthematous pustulosis (Correspondence) 1313
acitretin
  distal terminal phalanx bone resorption in long-term therapy (Correspondence) 1211
  in Lelis' syndrome (Correspondence) 1330
acne
  creatine phosphokinase values during isotretinoin therapy 398
  nodulocystic
    bone mineral density and bone turnover markers in patients receiving isotretinoin therapy 622
    pyoderma gangrenosum following isotretinoin therapy 953
acquired perforating dermatosis and metastatic renal cell carcinoma 1038
acquired unilateral nevoid telangiectasia (Correspondence) 1331
acral lentigines as paraneoplastic syndrome 168, (Correspondence) 1217
acral lentiginous melanoma, c-Met catalytic tyrosine kinase domain (Correspondence) 1327
acrodermatitis enteropathica
  eruption resembling secondary to acquired zinc deficiency in breast-fed premature infant 372
  in full-term breast-fed infant 1056
acromegaly presenting as cutis verticis gyrata 164
actinomycosis, primary cutaneous 1271
  elbow, long incubation period (Correspondence) 304
acute generalized exanthematous pustulosis
  acarbose-induced (Correspondence) 1313
  pseudoephedrine-induced (Correspondence) 418
acute localized exanthematous pustulosis due to amoxicillin–clavulanic acid 295
Adams Oliver syndrome, variant 1260
Addison's disease masquerading as Laugier–Hunziker syndrome 596
adolescents
  frequency and seasonal variation of outpatients treated in a dermatology clinic 1121
  psychiatric comorbidity of alopecia areata 1118
adult T-cell leukemia/lymphoma
  erythema multiforme-like lesions associated with lesional infiltration of tumor cells 390
  scabies superimposed on skin lesions 1168
  specific cutaneous manifestations 359
AIDS *see* HIV/AIDS
albinism, oculocutaneous, Chinese case with novel mutations (Correspondence) 1198
alefacept with methotrexate, persistent CD4+ T cell depression following combination therapy (Correspondence) 1204
alexithymia and dermatology 903
allergic contact dermatitis, classification of clinical relevance of positive patch test results 1193
alopecia
  caused by barber ant (*Pheidole pallidula*) (Correspondence) 1329
  frontal fibrosing, dermoscopy 796
  lipedematous 605
alopecia areata
  clinical significance of dermoscopy 688
  patchy
    lack of efficacy of topical imiquimod therapy (Correspondence) 1088
    sparing lesional graying hair (Correspondence) 864
  persistent, sulfasalazine therapy 850
  psychiatric comorbidity in children and adolescents 1118
aluminum, alteration of sweating by constriction of dermal duct lumen 1306
amenorrhea in Chinese women, type B pigmentary demarcation lines 505
5-aminolevulinic acid in combination with iron ion, hair growth stimulatory effects 1298
amoxicillin–clavulanic acid-induced acute localized exanthematous pustulosis 295
amphotericin B therapy of necrotizing fasciitis due to *Apophysomyces elegans* 407
amputees, skin problems 463
amyloidosis, systemic, and multiple myeloma 165
amyopathic dermatomyositis associated with esophageal cancer (Correspondence) 310
angiosarcoma
  facial, radiotherapy 1190
  scalp 881
anogenital ulceration due to herpes simplex infection 1099
anthrax, cutaneous, evaluation of patients in eastern Anatolia, Turkey 1033
anticonvulsant hypersensitivity syndrome 1184
antihistamines, topical, onset and duration of action 861
antimycotic topical therapy as adjuvant in flexural atopic dermatitis 187
antiretroviral therapy in HIV infection, extensive hypopigmentation due to (Correspondence) 102
antistreptococcal therapy in guttate psoriasis 950
apocrine glands, evolutionary retention 651
Apophysomyces elegans, necrotizing fasciitis due to, amphotericin B therapy 407
areolar sebaceous hyperplasia, bilateral (Correspondence) 1214
armadillo, role in human leprosy 545
arsenic
  chronic toxicity from Ayurvedic medicines 618
  multiple cutaneous precanceroses and carcinomas following exposure to 592
ashy dermatoses, literature review and proposed simplified clinical classification 542
ataxia-telangiectasia, uncommon skin lesions 1051
athletes, tinea pedis 485
atopic dermatitis
  clinical assessment of response to reduced soap bathing (Correspondence) 1216
  flexural, topical antimycotics as adjuvant therapy 187
  and house dust mites on skin, clothes and bedding 790
  immunologic aspects 219
autoimmune progesterone dermatitis 380
axillary bromidrosis, etiology and management 1063
axillary liposuction-curettage, multiple epidermal inclusion cysts following (Correspondence) 1197
Ayurvedic medicines, chronic arsenic toxicity from 618
azithromycin, comparison with doxycycline in therapy of rosacea 284

barber ant (*Pheidole pallidula*), alopecia due to (Correspondence) 1329
barrier function and ceramides 812
basal cell carcinoma
  dendritic cell density in relation to tumor size, site and characteristics 1240
  histological and immunohistochemical evaluation following curettage and electrodesiccation 610

© 2008 *The International Society of Dermatology*

superficial, dermoscopic patterns 1015
therapy with solasodine glycoalkaloids 78
BCL2, interaction with JUNB in primary cutaneous lymphoma (Correspondence) 867
Behçet's disease, pathergy reaction, evaluation of application of multiple needle pricks on 335
benzoyl peroxide, soluble, antibacterial properties (Correspondence) 301
β-catenin expression in lesional skin in active psoriasis (Correspondence) 207
bexarotene gel therapy of parapsoriasis (Correspondence) 1325
bi-acromial dimples 594
blastomycosis, cutaneous 824
bone mineral density in patients receiving isotretinoin therapy for nodulocystic acne 622
botulinum toxin treatment
in nasal hyperhidrosis 1079
wrinkle-soothing effect on middle and lower face 1287
Bowen's disease, perianal, with squamous cell carcinoma and condylomata acuminata (Correspondence) 1334
BP180 antibody and disease activity in bullous pemphigoid 225
Brazil
clinical features of cutaneous and disseminated leishmaniasis in Rio de Janeiro 926
clinical and mycological findings and therapeutic outcome in mycetoma 160
prevalence of etiological agents and influence of human activity on dermatophytosis in the south (Correspondence) 865
breast
accessory tissue co-occurring with nevus comedonicus (Correspondence) 530
early tubular carcinoma, atypical skin metastases (Correspondence) 1311
pyoderma gangrenosum following silicone implants 289
bromidrosis, axillary, etiology and management 1063
bullous pemphigoid
associated with *Spirulina* intake 61
correlation between serum levels of autoantibodies to BP180 and disease activity 225
ELISA and indirect immunofluorescence testing 1245
prodromal, predominance of IgG4 150
role of BP180NC16a-ELISA in China 24
Buschke–Ollendorff syndrome 1159

c-IAP-2, regulation of overexpression in human keratinocytes by LL-37 457
c-Met catalytic tyrosine kinase domain, lack of oncogenic mutations in acral lentiginous melanoma (Correspondence) 1327
café-au-lait macules, ipsilateral, with deafness and pituitary microadenoma 171
callosities associated with cross-legged sitting (Correspondence) 1212
Canary Islands, pigmentary features and *MC1R* gene polymorphisms in population 806
carbamazepine-induced DRESS syndrome 853
carcinoma erysipeloides, lymphoma mimicking 269
carcinosarcoma, primary cutaneous 496
cardiac arrhythmias due to isotretinoin 195
cashmere goat, isolation and identification of stem cells from adult skin 551
cellular neurothekeoma (Correspondence) 1208
cellulitis, gangrenous, due to *Peptostreptococcus* 783
ceramides and skin barrier function 812
cerebriform plantar hyperplasia as cutaneous feature of Proteus syndrome 374
Chanarin-Dorfman syndrome with eccrine gland vacuolation 1258
chancre, extragenital on the nipple, from a human bite (Correspondence) 978
chancroid and HIV infection 1
cherry angioma, early-onset, with familial nevus flammeus 1284
chickenpox, bullous 933
chikungunya fever
cutaneous manifestations in India 154
mucocutaneous features in West Bengal 1148
child abuse and perianal herpes (Correspondence) 970
children
chronic cutaneous lupus (Correspondence) 525
frequency and seasonal variation of outpatients treated in a dermatology clinic 1121
gray hair due to triptorelin therapy 601
hair thread tourniquet syndrome 1174
herpes zoster following varicella vaccination (Correspondence) 640
keratosis lichenoides chronica following erythroderma 939
oral Diptera larvae infection 696
psychiatric comorbidity of alopecia areata 1118
reversible depigmentation in chronic bullous disease of childhood 704
China, role of BP180NC16a-ELISA in bullous pemphigoid 24
choriocarcinoma as cutaneous metastasis from testicular mixed germ cell tumour (Correspondence) 1090
chromoblastomycosis, longitudinal melanonychia secondary to (Correspondence) 764
chronic bullous disease of childhood, reversible depigmentation in 704
chrysotherapy and pemphigus (Correspondence) 645
Churg–Strauss syndrome, disseminated subcutaneous nodules as manifestation (Correspondence) 532
ciclopirox olamine as hydroxyl radical scavenger 15
community-acquired MRSA, cutaneous papular manifestations associated with septic embolism due to 942
condylomata acuminata with perianal Bowen's disease and squamous cell carcinoma (Correspondence) 1334
condylomata lata, multiple 56
connexin 26 mutation in mother and daughter with conductive and sensorineural hearing loss in KID syndrome 443
contact pemphigus in imiquimod therapy (Correspondence) 765
Corlett, William Thomas 965
corticosteroid therapy, cutaneous cryptococcosis in patient on (Correspondence) 630
Corynebacterium-associated skin infections 884
cosmetic lip tattoo, spontaneous resolution of delayed granulomatous reaction to 59
creatine phosphokinase blood values during isotretinoin therapy of acne 398
cryotherapy
augmentation/assistance by skin pretherapy 1082
compared with smoke from *Populus euphratica* leaves in therapy of cutaneous warts 393
with topical imiquimod in lentigo maligna 519
cryptococcosis, cutaneous, in patient on corticosteroid therapy for rheumatoid arthritis (Correspondence) 630
cutaneous diffuse large B-cell lymphoma of the leg, with chronic lymphedema 174
cutaneous diseases and protein folding 1225
cutaneous lupus, chronic of childhood (Correspondence) 525

© 2008 *The International Society of Dermatology*

Cuterebra cutaneous myiasis 363
cutis verticis gyrata as presentation of acromegaly 164
cyclosporine A, effect of systemic therapy in IGFBP-3 expression in psoriatic tissue 1177
cytomegalovirus, cutaneous infection in AIDS 944

deafness
  connexin 26 mutation in mother and daughter with conductive and sensorineural hearing loss in KID syndrome 443
  with pituitary microadenoma and ipsilateral *café-au-lait* macules 171
Degos disease with pleuropericardial fibrosis, jejunal perforation, hemiparesis and widespread cutaneous lesions 493
Demodex folliculorum, clinical importance in patients receiving phototherapy 72
dendritic cell density in basal cell carcinomas related to tumor size, site and characteristics 1240
depigmentation
  hereditary 1041
  reversible, in chronic bullous disease of childhood 704
dermal melanocytosis, acquired, on the trunk (Correspondence) 307
dermatitis artefacta masquerading as pyoderma gangrenosum (Correspondence) 975
dermatitis cruris pustulosa et atrophicans, case report from Burkina Faso 473
dermatology
  and alexithymia 903
  frequency and seasonal variation in juvenile outpatients treated in a clinic 1121
  in Poland in the 19th and early 20th centuries 91
dermatomycosis in renal transplant recipients (Correspondence) 971
dermatomyositis, amyopathic, associated with esophageal cancer (Correspondence) 310
dermatopathia pigmentosa reticularis with early-onset gastric carcinoma (Correspondence) 641
dermatophyte infection
  prevalence of etiological agents and influence of human activity in southern Brazil (Correspondence) 865
  prevalence in HIV infection 339
dermoscopy
  basic concepts 712
  clinical significance in alopecia areata 688
  in diagnosis of disseminated superficial actinic porokeratosis (Correspondence) 308
  in frontal fibrosing alopecia 796
  in hydroquinone-induced exogenous ochronosis 19
  of lichen striatus following trauma with central nail plate involvement (Correspondence) 1324
  of molluscum contagiosum on a tattoo (Correspondence) 1318
  in superficial basal cell carcinoma 1015
dermosporidiosis 694
Destombes–Rosai–Dorfman disease 125
diabetes mellitus, metabolic syndrome associated with toenail onychomycosis in Taiwanese patients 467
dihydroxyacetone as safe camouflaging option in vitiligo 402
dimples, bi-acromial 594
Diptera larvae oral infection in childhood 696
disseminated superficial actinic porokeratosis, diagnosis by dermoscopy (Correspondence) 308
distal terminal phalanx bone resorption in long-term acitretin therapy (Correspondence) 1211
doxycycline compared with azithromycin in therapy of rosacea 284
DRDD 125
DRESS syndrome, carbamazepine-induced 853
drug eruption, intertriginous, case report and proposed pathogenetic mechanism (Correspondence) 1310
dyskeratosis congenita with Chiari 1 malformation, absent inferior vena cava, webbed neck and low posterior neck hair 377

E-cadherin expression in lesional skin in active psoriasis (Correspondence) 207
eccrine gland vacuolation with Chanarin-Dorfman syndrome 1258
eccrine spiradenoma, multiple in linear/zosteriform distribution involving right side of the body 1165
elbow, primary cutaneous actinomycosis with long incubation period (Correspondence) 304
electrofulguration-induced pain 280
ELISA
  in pemphigoid gestationis and bullous pemphigoid 1245
  role of BP180NC16a-ELISA in bullous pemphigoid in China 24
EMLA, effect of 50% glycolic acid on percutaneous absorption 280
eosinophilic fasciitis, demographics, disease pattern and response to therapy 29
epidermal inclusion cysts, multiple, following axillary liposuction-curettage (Correspondence) 1197
epidermodysplasia verruciformis, multiple facial seborrheic keratosis-like lesions in young woman with 476
epidermolytic palmoplantar keratoderma, keratin 9 mutation in Chinese family (Correspondence) 634
epithelial growth factor inhibitor-associated rash, importance of pus culture from (Correspondence) 1203
erlotinib-associated rash, importance of pus culture from (Correspondence) 1203
erythema
  annular, in lymphoma with hyperglobulinemia (Correspondence) 302
  neutrophilic figurate 262
erythema multiforme
  lesions resembling, associated with lesional infiltration of tumor cells in adult T-cell leukemia/lymphoma 390
  with orf (Correspondence) 1333
erythroderma, keratosis lichenoides chronica following, in Indian child 939
esophageal cancer with amyopathic dermatomyositis (Correspondence) 310
etanercept therapy
  of cyclosporine-resistant psoriasis and HCV infection (Correspondence) 980
  transition to in moderate to severe psoriasis 202
evolution of skin 651
Exophiala
  pheohyphomycosis due to 44
  recurrent subcutaneous pheohyphomycosis due to, association with squamous cell carcinoma (Correspondence) 1323
extra mammary Paget's disease, concordant overexpression of Sp1 and VEGF 562
eyelid
  metastatic sebaceous cell carcinoma 276
  photodynamic therapy of squamous cell carcinoma (Correspondence) 1319

face
  involvement in lichen amyloidosis (Correspondence) 1201
  pyoderma gangrenosum following plastic surgery 289
  radiotherapy of angiosarcoma 1190
  smoking and premature wrinkling (Correspondence) 1086
